School of Computing Video & Escape Game
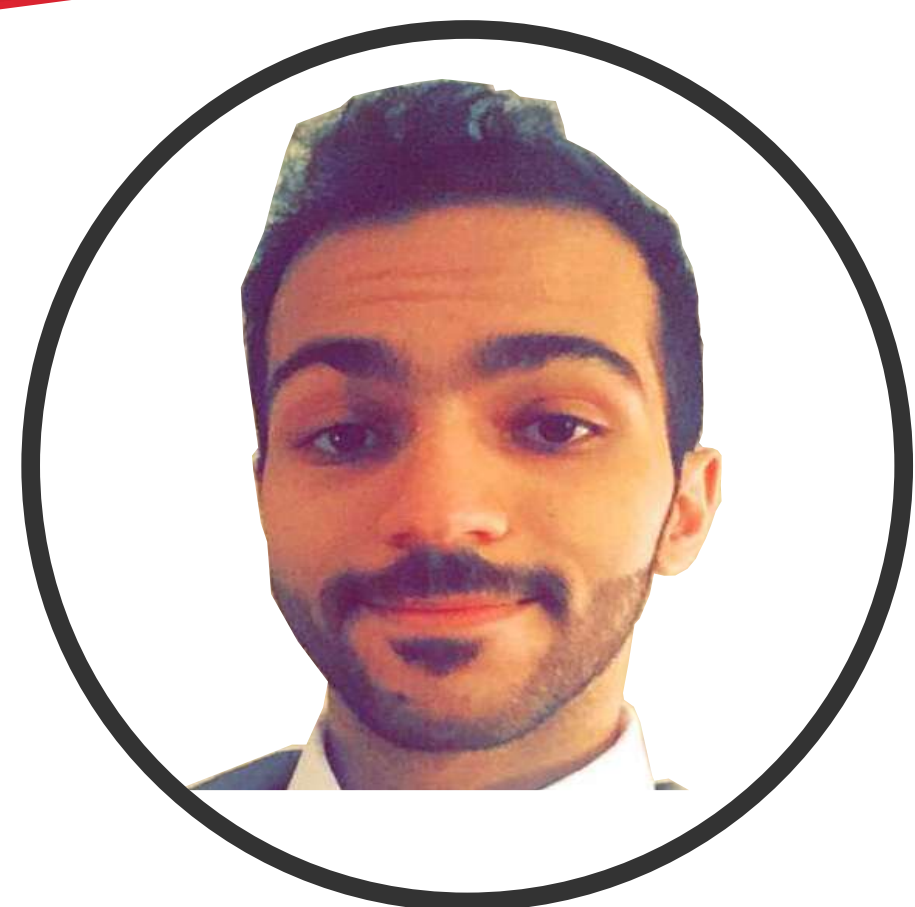

CIS 497- Senior Project - Spring 2018

Client

Ms. Melissa Smith, Senior Instructor, USA
Ms. Ashley Burns, Soc Outreach Specialist, USA

The group project focuses on the creation of a Video containing information on the school of Computing ,and related majors such as IS, IT, HI, and CSC. We are developing a game that resembles the escape room, with the aim of helping student interact and learn how they can solve challenges in real life
